FOLEY DENIES CHARGES OF MRS. LANSDOWNE

INDICTMENTS WILL

SHENANDOAH PROBE CHIEF SAYS HE WAS SHIELDING WIDOW

Declares Commander's
Wife Not Requested To
"Twist Facts."

Washington, Nov. 19.—From the witness stand Captain Foley denied to the Shenandoah court of the navy, that he attempted to induce Mrs. Margaret Ross Lansdowne to "twist facts" in her testimony.

Foley said he had made an effort to shield the widow of the Shenandoah's commander, from the ordeal of a court examination and for that reason had suggested to her a statement of what she might testify to.

Sitting in the same chair, in which he himself examined witnesses as prosecutor of the inquiry, Foley, now a defendant, related his version of the dealings with Mrs. Lansdowne. Foley took the stand after the first witness of the day, Miss Lucille Boggs, navy stenographer had testified that she had no record of the statement Foley dictated to her—the statement which Mrs. Lansdowne said, proposed "twisting facts." Miss Boggs said she didn't keep a copy of the statement because Capt. Foley "must have told me not to keep a carbon."

"I would have kept a copy had he not told me not to," she testified. She said, however, that the version of the statement admitted by Foley was to the best of her recollection the true statement.

Foley then told of reasons for asking to be allowed to testify.

He denied emphatically that he had ever received any instructions from Secretary of the Navy Willbur, concerning the testimony of Mrs. Lansdowne.

**BODY OF OFFICER
WASHED UP BY SEA**

San Diego, Cal., Nov. 19.—Naval and civil investigations into the death of Lieut. Nathan Green, son of a Tennessee supreme court judge found washed up by the tide proceeded today upon the conclusion the officer had been murdered and his body cast into the sea.

The naval court of inquiry concluded Green had been killed, it was announced.

The body of Green, engineering officer of the Destroyer Moody was found partly divested of clothing.

**COLONEL COOLIDGE
SHOWS IMPROVEMENT**

Plymouth, Vt., Nov. 19.—A marked improvement in the condition of Col. John Coolidge, father of the President as compared with yesterday was reported today by Dr. Albert M. Cram, his physician, following a call at the Colonel's home.

"With a few more days in bed," Dr. Cram told the United Press, "we should be able to get rid of the heart block, which has been the principal cause of the trouble and the Colonel should be himself again."

**CRAZED MAN KILLS
WIFE, TWO CHILDREN**

Cleveland, Nov. 19.—Crazed by liquor, Gustaf Phivat, 29, today shot and killed his two small children and then ended his own life with a bullet in the head. His wife, who had gone to a nearby store returned to find the three bodies. She said her husband had been drinking heavily for two weeks and had threatened suicide last night.

**TOLL OF EXPLOSION
THREE; START PROBE**

Cincinnati, Nov. 19.—The toll of the off pipe blast at the Proctor and Gamble Soap plant here yesterday stood at three today with the death of Louis Schulte, 59, who was among six men injured.

An investigation to fix the responsibility for the explosion which was followed by fire, is under way.

BANKER MISSING

Cleveland, Nov. 19.—A statewide hunt was under way today for Clifford C. Proctor, missing teller of the Painesville Branch of the Cleveland Trust Company who is charged with the embezzlement of \$7,500.

The alleged shortage was discovered when Proctor failed to appear at the bank.

SLAYER OF SHERIFF LEAVES HIS HIDING PLACE TO SURRENDER

Quits Mountains To Give
Self Up—Troops Main-
tain Order

Hazard, Ky., Nov. 19.—David Steel, who shot and killed Sheriff Joe Morgan of Hyden, Ky., has come out from his hiding place in the mountains surrounding the little town and has surrendered, according to messages received here today.

Morgan's alleged slayer, who fled to the mountains after escaping from the Citizens National Bank, where he had fortified himself against a mob of Morgan's relatives and followers, surrendered on condition that he received police protection, advises said.

State troops sent to Hyden when a pitched battle between Morgan's adherents and Steel's followers was threatened, have restored quiet but will patrol the town until after Steel's arraignment as a precautionary measure.

Steel will be arraigned tomorrow and formally charged with the murder of Morgan, who was killed following an election brawl.

CARMI THOMPSON MAY BE G. O. P. CANDIDATE

Youngstown, O., Nov. 19.—Carmi Thompson will bear the Republican gubernatorial standard in 1926, political observers today said they believed, following a Republican rally and banquet here last night.

Although Coy Thompson was not openly announced as the party's official nominee, he received a tremendous ovation as he forecast a Republican year in 1926 and assailed the Democratic regime, sharply criticizing increased state expenditures.

More than 500 prominent Republicans, among them Senator William Butler, chairman of the national committee, attended the rally. Senator Butler, appealed for the abandonment of factionalism and the adoption of an attitude of unwavering loyalty to the party.

HARVARD TEAM DE FEATED BOTH ON OFF FIELD; PENALIZED AT THEATER

Boston, Mass., Nov. 19.—Harvard's football eleven was held for down, thrown for a loss and penalized when it attempted to attend a show at the Tremont Theater here last night.

Led by Captain Dolph Cheek and Manager Stanley Osborne, the varsity squad and several substitutes appealed to the police after they had been ejected without force from the lobby of the theater by a policeman who accused them of being intoxicated.

Engineers and Firemen Seek War Time Wage Scale at Meet

Chicago, Nov. 19.—The International Brotherhood of Locomotive Firemen and Enginemen met here today to consider demanding "wartime wages" from all railroads on the continent.

The conference which opens today is a special meeting called for the specific purpose of considering the negotiation of a wage agreement with the railroads. The present agreement expires January 1, although a clause in the contract permits cancellation of its provisions on 30 days' notice.

The rail organizations point out, that their pay was slashed by the Railway Labor Board, a total of 12 per cent being taken from the high point in wages prevailed in wartime. One cut came in 1921 and the second in 1923.

Last year, by independent negotiations with the railroads, the trainmen obtained a 6 per cent increase, and have hopes of dictating for another advance in wages.

Today's meeting, David J. Robertson, Cleveland, President of the Brotherhood, pointed out, has no set plans. Committees are to be appointed to draw up suitable scales, which will be submitted to the delegates at the meeting. No preliminary demands were organized. President Robertson refused to predict what action would be taken, but admitted that negotiations, with the various roads would probably follow.

Other rail brotherhoods may join in the move for increased funds, it is believed here. Divisional meetings of the Railway trainmen were held earlier in the month, and plans for demands are believed to have been formulated.

If the Brotherhood of Locomotive Firemen and Enginemen should threaten decisive action, it was believed that the shopmen and mechanics would join the movement and give it full support.

However, Grand Chieftain Johnson, of the Brotherhood of Locomotive Engineers denied that his organization had taken any action toward backing the move.

The meetings are being held in the Capital building here and will probably last through tomorrow.

TRAIN VICTIM DIES

Steuensville, O., Nov. 19.—Paul Connor, 9, whose legs were severed when he was caught beneath a freight train, was dying today, although physicians were fighting to save his life. The accident occurred yesterday.

While the rest of the players waited outside, Captain Cheek and Manager Osborne entered the Lagrange Street police station and complained of the treatment accorded them at the theater.

Police Lieutenant Dobbins, whose nose knows, decided neither the captain nor manager had had a drink. He assured the Harvard men he would report them to Police Commissioner Wilson today.

Coach Bob Fisher of Harvard was incensed over the incident.

MINORITY DOMINATION OF SENATE THREATENS PARTY

Senator Willis Favors Dawes' Cloture Plan as Remedy—
Urges Entrance Into World Court Under
Reservations

Youngstown, O., Nov. 19.—Party solidarity will evaporate and party responsibility will become a myth unless Senate minority domination is put to rout and unless rules of Senate procedure are modified, U. S. Senator Frank B. Willis, of Ohio, believes.

Addressing a Republican rally and banquet here last night, Senator Willis played "senate filibusters" and endorsing Vice-President Dawes' demand for a cloture rule, declared minority domination threatens the future of the Republican party.

"Either the senate will reform its rules or the people will reform the senate," Willis warned. "Our system of party government will fail unless whatever party is in power possesses and uses the means whereby the program it has pledged its people can be realized in action."

The speaker swung into a discussion of taxes and the world court, endorsing the entrance into the latter "with reservations" and calling for a tax reduction program of \$1,000,000 a day while congress is in session.

Returning to the subject of senate procedure, Willis declared: "No one is proposing to curtail legitimate debate or to adopt in the senate the strenuous rules of cloture existing in the house, but it must be understood that the filibuster must go."

Willis then assailed senate progressives and so-called combinations of Democrat and "radicals" who through a fusion control proceeded to assail and delay passage of every Republican fiscal measure at the last session of congress.

The national Republican program should include at least three major issues, Willis declared. These, he said, should be:

1.—Entrance into the world court under the Harding-Hughes-Coolidge reservations which provide that the United States does not accept the optional clause for compulsory jurisdiction; specifically provides that America shall not be bound by any provision of the league of nations convention and that the court could be created by special statute.

2.—Tax reduction which must and will come.

"A million a day of taxes cut away" is a good slogan for the incoming congress, the speaker asserted.

3.—President Coolidge's program of retrenchment and economy must be continued and sustained.

In closing, Willis urged that the tariffs be not tampered with "because business and industry must not be imperiled by tariff tinkering."

FUNERAL AT SEA FOR DEAD OF SUBMARINE

London, Nov. 19.—Britain today said funeral farewells to the 69 dead of the lost submarine M-1 and bade the mariners sleep in the sea grave yard.

Their funeral cortege was a line of grey craft, steaming out at dawn to the channel cemetery where many other sea-faring men, likewise victims of the submarine but of the submarine on war time missions.

A chaplain spoke words in praise of their devotion to duty and in sorrow for their loss. Sailor men, many at salute as volleying guns boomed out of them "buddies" of the dead, stood the au revoir of the seas.

And then they cast to the waves as a marker for the tomb of the 69 great wreaths sent from every corner of the British Isles.

"ONE-ARM" WOLFE TO GET LIFE SENTENCE

Muncie, Ind., Nov. 19.—Charles ("One-Arm") Wolfe will be sentenced some time today to life imprisonment in the Michigan City State prison. Wolfe was held guilty of a charge of first degree murder but the recommendation was made that his penalty be life imprisonment, instead of death.

Wolfe was charged with being the accomplice of George (Dutch) Anderson in the slaying of Ben and Mary Hance, informers of Gerald Chapman, the bandit prince, now awaiting death in a Connecticut prison.

SLAYERS OF NAUTCH GIRL ARE EXECUTED

Bombay, Nov. 19.—Two of the murderers of the wealthy Merchant Abdul Bawla, protector of the pretty Nautch dancing girl, Mumtaz Begum, once favorite of Maharajah of Indore, were executed today but a third escaped the death penalty because he is now insane.

Shafi Ahmed, commander of the Indore mounted police and Sham Rao Dighe, captain of the air force were the men who went to the scaffold while Ponde, an officer of the Maharajah's household, escaped the noose, at least temporarily.

SURVIVORS OF SHIP FIRE RETURN HOME

New York, Nov. 19.—After a dramatic adventure on the high seas, the 366 survivors of the Clyde liner Lenape today were scattering to havens where life is less ruggedly and much more comfortably.

The stricken steamer, burned to its hull, was still smoldering off Lewes, Del., not far from the spot where all but one of the passengers and crew were saved.

Sixty-four passengers and ninety crew men arrived here by special train. Another train took 165 of the rescued passengers to Florida.

ELECTRIC CHAIR TO CLAIM TWO KILLERS AT OHIO STATE PEN

Wife Slayer and Killer of
Watchman Scheduled
To Die

Ohio State Penitentiary, Columbus, O., Nov. 19.—Unless an eleventh hour reprieve is granted, Buor Tudor, Cleveland wife murderer, and Robert Little, Cincinnati negro, will die in the electric chair here tonight.

If the double execution takes place it will be the seventh in the history of the penitentiary.

Tudor, a native of Roumania and a world-war veteran, will die for the murder of his wife, whom he accused of accepting a ring from another man.

Mrs. Tudor was slain February 19, 1924, and Tudor was admitted to the prison a year later. The supreme court, the governor and the state board of clemency denied him a commutation of sentence.

Little will die for the killing of John Keller, Cincinnati nightwatchman, December 11, 1924, during an attempt to steal Keller's automobile.

John Fitzhugh, Little's companion, is serving a life sentence. Little denied killing the officer but admitted being with Fitzhugh. Keller was shot twice.

Both Tudor and Little were granted temporary stays of sentence but Governor Donahy announced that further executive clemency would be withheld.

DURKIN ELUDES CHICAGO POLICE; SHIEK SLAYER IS TRAVELING EAST

Chicago, Nov. 19.—Martin Durkin, shiek bad man and Chicago's most elusive criminal, has slipped out of the city for an eastern destination, police declared today, admitting defeat in their latest effort to capture him.

Angered when it was learned that Durkin had boasted to a physician that he had been playing "hide and seek" with Chicago's police department, authorities laid in waiting in a half dozen places last night, hoping he would fall into one of the traps.

Instead of falling in, he drove straight through one of them in an automobile and headed toward the east, it was said.

Durkin, first wanted for stealing a negro taxi driver, who Leonard charges in his suit to annul his marriage, deceived him as to her color.

"Higher Ups" Will Be
Taken In Custody Next
Is Report

Chicago, Nov. 19.—Upwards of thirty new federal indictments are expected here before the end of the week in the alleged \$90,000,000 a year beer conspiracy.

These are in addition to indictments returned yesterday in which the Boston and Maine Railroad, the Gild Edge Beverage Company of Lawrence, Mass., and twenty-three railroad employes, dry agents, Chicago policemen and truck drivers were named.

"Higher ups" of Chicago and other sections of the country will be named, it was hinted. Between 3,000 and 4,000 railroad carloads of beer have been shipped from the Gild Edge Brewery to Chicago since the first of this year, federal agents said, involving men all along the way.

The Federal Grand Jury which returned the indictments is still in session and more witnesses will be heard today.

NEW UNITED STATES HIGHWAY SYSTEM IS FINALLY APPROVED

Route No. 42 Passes
Through Xenia To
Cincinnati

Washington, Nov. 19.—The system of roads, selected by the joint board of interstate highways, to be known as United States Highways, has been approved by Secretary of Agriculture Jardine, it was announced today.

Each route of the 75,884 miles of road has been given a number. Standard and warning and direction signs are to be erected on all routes.

The report of the board has been submitted to the American Association of State Highway Officials, now holding their annual meeting in Detroit. This action completes the work of the board.

Among the roads approved were: Route No. 25—From Toledo, Ohio, to Findlay, Dayton, Cincinnati, Lexington, Ky., Knoxville, Tenn., Asheville, N. C., Augusta, Ga.

Route No. 42—From Cleveland, O., to Mansfield, Delaware, Xenia, Cincinnati.

ARISTOCRAT NEARS COLLAPSE AT TRIAL

White Plains, N. Y., Nov. 19.—To all appearances close to collapse at the end of his fifth day of self-revelation Leonard Kip Rhinelander, young son of an old and wealthy family took the witness stand again today to face more of the merciless cross-examination of his wife's attorney.

When court was adjourned yesterday, it was a harried and haggard youth who had broken before the onslaught of Lee Parsons Davis' questions as to his innermost thoughts on morals and the ethical code of a gentleman.

Davis is defending Mrs. Rhinelander, formerly Alice Jones, daughter of a negro taxi driver, who Leonard charges in his suit to annul his marriage, deceived him as to her color.

Faltering in his replies, Rhinelander had heard Davis for the twentieth time shout to the world that he had dragged his wife's name into the gutter.

who says he is "Seventy-four years young," has been making candy fifty-seven years and is still at it. In that time it is estimated he has made more candy than all the small boys and all the plump matrons and all the King's horses could consume if they started eating when he started making and kept at it as long as he has.

Clevenger started stirring delicacies shortly after the end of the Civil War brought the price of sugar back within reach. He left his home in Morrow, O., in 1868 at the age of 17, to go out and earn his sugar. In that time he has strewn his confec-

Three years after the sale, he joined the firm of Kidder and Hilder here, which he later bought out and operated for a short time. When he sold the business he began a ten year connection with The Snyder-Chaffee Company, Columbus.

Each fall of that decade he joined T. L. Baker, Dayton, in making ice cream candy and pop corn balls to sell at exhibitions. Since 1916 he has taken a big game hunting trip every autumn, fulfilling a life-long ambition last year when he killed his first black bear.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

The plaintiff was ordered restored to her maiden name and granted \$50 alimony.

Vigor Producing Elixir Brings Glorious Health and Radiant Vitality to Weak, Exhausted People

Men and Women, Weak and Nervous, Need the Help of This Great Restorative That Sohn's Drug Store Is Glad To Offer On Money Back Plan.

Here is a medicine that is taking the country by storm—thousands of bottles are sold daily.

Thousands of once worn out, run down human machines now know the happiness that buoyant exhilarating health brings.

Dare's Menha Pepsin is first of all a powerful digestive. It starts at the root of human misery—the stomach.

It builds up and makes strong the digestive organs so that every particle of food you eat is properly and thoroughly digested and assimilated into the blood stream, furnishing nourishment that produces vigorous health.

Without proper digestion good health is impossible. Foul gases accumulate and toxins poison the blood.

Always remember that nine times in ten the ailments that continually

bother you and make you feel depressed and unfit are caused by the stomach not functioning properly.

So now all men and women who are weakened by disease and overwork, who are nervous and irritable can put their faith in this tonic medicine that is pleasant to take and agreeable to the stomach.

People who have sallow skin, are mentally depressed and can't get restful sleep at night are advised to try this sterling up building elixir.

Keep in mind that you can prove the goodness of Dare's Menha Pepsin by trying just one bottle and if it doesn't help you more than any medicine you have ever tried, Sohn's Drug Store or any druggist will gladly return your money without quibbling.

So why not for your health's sake, get a bottle today? It is probably just what you need to help you get well and strong again.

FIRST U. P. MISSIONARY SOCIETY MEETS WEDNESDAY

Many things contributed to render the meeting of the Women's Missionary Society, First United Presbyterian Church, Wednesday afternoon, enjoyable.

Beautiful weather, the cordial welcome of the hostess, Mrs. A. C. Frazer and the greetings to Mrs. A. M. Patterson, former president of the society who has recently returned from abroad all contributed to make the occasion one of unusual interest.

Mrs. E. C. Moorman presided and the spirit of thanksgiving was exhibited throughout the opening exercises. Mrs. Mary G. Dean, of the O. S. and S. O. Homer led the devotion, assisted by Mrs. Patterson, Mrs. J. P. Lytle and Mrs. D. S. Ervin. Routine business followed and a letter, received by Mrs. S. M. Bailey, with reference to the flowers given Mrs. Cootz, Buffalo, N. Y., at a recent meeting, was read. Mrs. Cootz told how the flowers gave happiness in the home, on the church pulpit and to an aged couple in the congregation.

The crowning feature of the program was the review of the mission study book, "Ming-Kwong" in charge of Mrs. Frazer. The meeting closed with prayer by Mrs. R. H. Nash.

TRINITY MISSION MEETING ON FRIDAY

Thank offering meeting of the Women's Home Missionary Society, Trinity M. E. Church will be held at the home of Mrs. George F. Dodds, Second and Galloway Streets, Friday afternoon at 2:30.

Mrs. Noah Yount, president of the West Ohio Conference of Women's Missions will speak. Mrs. Yount has been attending the national meeting in Los Angeles, Cal., and visited the homes and schools in the West.

PHI DELTS TO GIVE NEW YEAR'S EVE DANCE

Ohio Beta Chapter, Phi Delta Kappa Fraternity, is announcing plans for a New Year's eve dance at Elks' Club. A number of novelty dances are being arranged by the fraternity brothers.

Dancing will be enjoyed from 9 to 1. Mr. Nelson Barnes is chairman of the entertainment committee.

MARRIED AT XENIA PARSONAGE WEDNESDAY

Miss Mabel M. Ellis and Mr. Harry William Knisely, both of Port William, were married at the parsonage of First M. E. Church, the Rev. F. W. Stanton officiating, Wednesday afternoon at 4:30 o'clock.

The ring ceremony was used. The couple was unattended. Mr. and Mrs. Knisely will live in Port William.

HOSSTESS TO MISSION SOCIETY ON TUESDAY

Mrs. Walter Maxwell, Miller Avenue, was a gracious hostess to members of the Ladies' Aid Society, First Lutheran Church, Tuesday afternoon.

The regular business meeting was held at the beginning of the afternoon and was in charge of the leaders, Mrs. Sarah Sheels and Mrs. George Holstein.

After a business session, a social hour was enjoyed.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

THE HANDSOME TOWN

JUST as the people who are well dressed are said to do better selling goods than those that look shabby, so the town that is handsomely kept up should be more successful in drawing trade than one that looks decadent.

This does not necessarily mean that a town must at once tear down its old buildings and replace them with expensive structures. There are some rather inexpensively built towns that convey a handsome impression by the constant use of paint. They are ashamed to let an old building look run down, and they do not feel that business can be successfully conducted in a shabby structure. Hence the place always looks up to date as the result of its clean appearance. Shabbiness suggests discouragement, which is a state of mind, not at all conducive to business.

ENTERTAINING THE DELEGATES

THERE was a homey touch at the White House some days ago, when President and Mrs. Coolidge co-operated with the old custom of entertaining delegates to church functions, by taking care of seven ministers with the wives of two of them, who came to Washington to attend the National Congregational council.

Mr. and Mrs. Coolidge no doubt hoped that none of them would feel it necessary to buy any clothes they would not ordinarily have purchased, or act any differently than if they had been received in some simple home.

This habit of entertaining the delegates is a nice old custom particularly in these days when so many folks are slow to open their homes and show hospitality. In the simple old days when guests used to drop in unannounced, people learned to gain their joys from human comradeship rather than from spending money for costly pleasures.

TELEPHONE VOICE IN BUSINESS

WHEN a person calls up a business office, he gets a very different impression from the different voices that answer him. Sometimes the reply will come from a languid and wearied voice, that seemed to have been out late the night before, and to take no personal interest in the question. You feel instinctively that you will get no intelligent help from the man or woman behind that voice.

But if someone answers the call with a cheery and interested voice, how it does promote confidence. The manner in which its office help answer telephone queries has quite a little to do with that concern's success. The indifferent youth who answer with so little spirit and earnestness should realize that their indifference is noted in their own office and will count against their promotion.

DO IT NOW.

IS never too late to learn that it is never too early to do your Christmas shopping. It is not now too late to learn that the early Christmas shopping has already begun.

There is only one excuse for putting off the holiday buying until the eleventh-hour and excuse is a financial shortage. Even this excuse is no longer being accepted by the credit departments of many stores.

The blessings of early Christmas buying are so many that it is difficult to understand why there are still people who do their shopping on Christmas eve. Depleted stocks, tired clerks, crowded stores and the necessity for haste are only a part of the arguments against the last minute rush.

Every merchant is as desirous of giving service and a good selection of stock as every customer is desirous of obtaining them and that is why many inducements in the way of credit sales, deposit purchases and Christmas storage are offered at this time of the year. There is only a certain amount of Christmas buying to be done, whether early or late, so the merchants have no other thought in urging early shopping than to make it as comfortable, convenient and satisfactory as possible.

Everybody, everywhere, predicts a record Christmas business this year, which is all the more reason to obey that impulse and do your Christmas shopping early.

On receiving a picture of this young golf architect studying a six-putt.
I see you in your suit of brown, see you studying your putt.
Now you'll run it down, splendid picture, but I know you've worked for a banker you should be.
See your kindly eye, see your figure fair, I'll say you lie.
You second putt you see a picture on the wall a merrier scene.
Laughed to see you tightly clutched in a golf club, I thought you were more to see than a golf off must be.
I see the day when I can brag I've learned to play

CROCHETING A CLOSE HAT

To crochet a close woman's hat with a rolled brim of one solid color decorated with white angora wool, put six balls of lustrous floss (any desired color) and two balls of white angora. Use a number three and one-half bone crochet hook. Five stitches measure one inch. Five rows measure one inch.
With two strands of the colored yarn, chain 18, allowing one stitch to turn. Work 17 single crochet stitches. Chain one, turn after every row. Work even till you have 12 rows, working through both loops. On next row work seven, decrease one stitch (draw a loop in each of the next two sts., wrap draw through all these loops.) finish row.
Work four rows even, decrease one

stitch each end on next row. Repeat last five rows twice. One row even. Decrease one stitch each end on next row. Repeat last two rows till there are three stitches. Decrease one stitch on next row and work both stitches together on last row; fasten off. Work six more sections.
With Angora yarn, work long edges of sections together with single crochet to form crown. With colored yarn, work three rounds even around crown. With wrong side of hat toward you, work in back loop increasing one stitch in every third stitch, across five sections; work even on two sections. Work three rounds even, taking both loops.
Next round work over five sections, fasten off, allowing two sections for back of hat. Fasten yarn in second stitch of previous row and work to within two stitches of end of row, fastening with a slip-stitch. Break yarn.
Repeat short rows having two less stitches each side and always working with right side of brim toward you, till there are eleven rows. Work one round. Join Angora, work one round, working over the stitches of previous round. Finish edge with one slip-stitch in each stitch.
When completed, this little hat has a "melon" crown (that is, melon-like sections divided by lines of Angora yarn.) It also has a rim of white angora at the very edge of the brim. Decorate the hat with wool flowers, a pom-pom, or any desired trimming.

Tomorrow—Requested Recipes

Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrups, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.
Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.
This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.
A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.
Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.
To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Hurry Mother! Even a fretful, bilious, constipated child loves the pleasant taste of "California Fig Syrup" and it never fails to cleanse the bowels and sweeten the stomach. A teaspoonful today may prevent a sick child tomorrow.
Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

HOLD HEARING

Youngstown, Ohio, Nov. 19.—The U. S. Board of Army engineers was in Youngstown recently for final hearing on the proposed Lake Erie-Ohio River canal route through Youngstown.

Statisticians presented documentary evidence that has taken weeks to procure. Presentation of Youngstown's right to the canal route will consume several years' definite study, according to the Chamber of Commerce.
Representatives from cities between Pittsburgh and Ashtabula attended the hearing.

NEW JASPER

Joseph Wood, who has been seriously ill for the past two weeks, is improving slowly.
Funeral services were held for Mrs. Eliza Jane Bullock, 75, at the home of her son-in-law and daughter, Mr. and Mrs. Charles Fudge, Tuesday afternoon at 1:30 o'clock, in charge of her pastor, the Rev. M. L. Massie. The pastor based his remarks on the first and second verses of the fourteenth chapter of John. Mr. and Mrs. Russell Spahr sang two hymns, with piano accompaniment by Mrs. Ray Fudge. Pall bearers were Ralph Dean, Wilbur Wilson, Charles Fudge, Charles Congiell, and her two sons, Herman and Kent Bullock. Burial was made in Jamestown Cemetery.

Today's Talks

ON GROWING BETTER

The little plant of Aspiration is the most important flower we can plant in our consciousness.
If we don't want to grow better, greater, more useful, and stronger in every way, there is no need to worry one way or the other—we won't!
But no man ever desired to be more than he is whodidnt become better and more capable.
We must start by wanting to excel in one thing. Then growth becomes contagious and we want to be better in many things and ways.
No matter how great an artist may be at the piano, with his brush, or pen, he strives ever to better himself. It isn't necessary to pay attention to someone else who does the thing we do, we must pay attention to what we do and keep getting bigger than the thing we do.
Excellence spreads out.
The strong man once was comparatively weak. Day by day he patiently strengthened the threads until they became as cables.
These are simple statements. They

are obvious. But it's the simple and obvious that we smile at and pass by most of the time. He is a genius who acts upon the obvious.

Simple facts do the least talking. The profound thinkers, do not those whose words live longest. He who touches the most with simple suggestions that lodge in people's hearts is most loved and longest remembered. The New Testament has no equal beside all the books of the world for simplicity and beauty of thought or expression. That is why it lives and is loved.

So, if you would grow, do the simple things better and better. Never let big thoughts or questions confuse you. Break them up into their smallest parts. Then master each part.
The habit of growing may become second nature!

PENNSY PASSENGER TRAIN IS WRECKED

Toledo, O., Nov. 19.—(U.P.)—Pennsylvania passenger train No. 444, Toledo to Pittsburgh, crashed into a string of freight cars at the Walbridge terminal early today.

Mrs. E. E. May, Carrothers, Ohio, was the only passenger reported injured. She continued the trip without medical aid.

The train was not derailed. The slow speed at which it was traveling was believed to have averted a serious wreck.

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. It is known as Wyeth's Sage and Sulphur Compound and can be obtained at all drug stores for only 75 cents a bottle.

While gray hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Adv.

Look Out!

Look for the picture of the Mother on every package of oats you get. That's the only way to get the "Mother's Oats flavor"—that old Scotch flavor—that you want

WHAT you want in oats is flavor. Everything else takes second place. Oats originally a Scotch dish must have true Scotch flavor to be at its best—real "Mother's Oats" flavor.

Nobody has yet succeeded in imitating Mother's Oats flavor. That enticing and toasty Scotch tang of the Mother's Oats brand.

People who ordinarily don't take to oats, find delight in that unique flavor. Once you taste it, you are spoiled for ordinary brands.

So when asked to "try" a substitute, say "NO."

That flavor is not the result of guesswork but of certain Mother's Oats milling processes applied to the finest, plumpiest oats that grow. Some 50 years were spent in perfecting it.

Quick Mother's Oats cooks in 3 to 5 minutes. It makes the finest, the most savory and quickest of hot breakfasts.

Due to Mother's Oats milling methods, it supplies, too, the "roughage" you need to make laxatives seldom necessary.

A MAYTAG FOR CHRISTMAS

Every married man in Xenia is expecting to buy his wife something for Christmas. Knowing this we are starting early to suggest that you buy her a Maytag washing machine. The idea of buying gifts that are useful and will be appreciated the year 'round will be paramount among the smart buyers.

Here Is How You Can Buy a Maytag and Have a Substantial Payment and Have It Delivered to Your Home for Christmas

START THIS WEEK AND PAY \$3

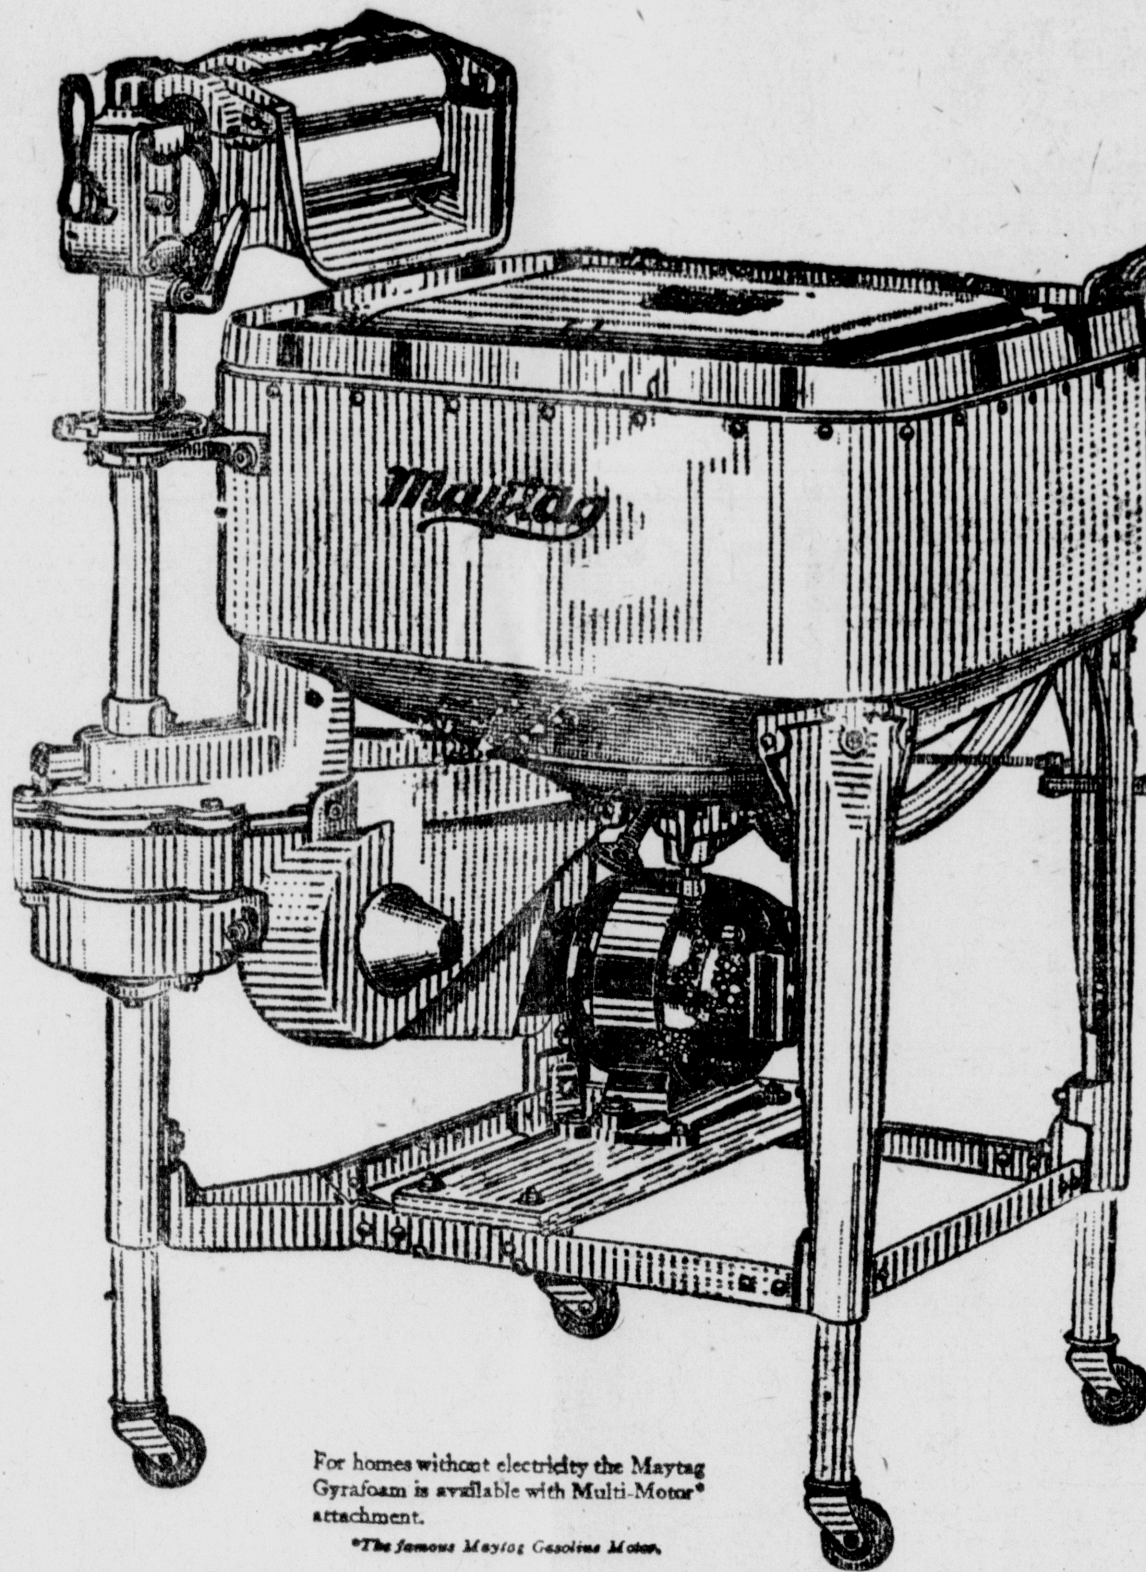

THEN THREE DOLLARS UNTIL CHRISTMAS AND WE WILL DELIVER THE MACHINE CHRISTMAS DAY

YOUR WIFE WILL BE THE HAPPIEST PERSON IN XENIA

9 OUTSTANDING MAYTAG FEATURES 9

1. Washes faster. The Gyrafoam Principle creates a more highly energized, turbulent and continuously effective water action. No idle water.
2. Washes cleaner. The Gyrafoam Principle mixes the soap evenly through the water, and forces the super-cleansing, soapier washing solution through the meshes of the clothes. No idle suds.
3. Largest hourly capacity home washer in the world—50 lbs. (dry) ordinary family wash per hour.
4. Most compact washer made—takes floor space only 25 inches square.
5. Cast aluminum tub—can't warp, rust, rot, swell, split nor corrode.
6. Easily adjusted to your height, and height of tubs.
7. Clothes can be put in or taken out while washer is running.
8. Tub cleans itself in thirty seconds.
9. Metal swinging wringer. Low. Swings into 7 positions. Adjust itself automatically for handkerchiefs or blankets. Automatic drain board. Instant tension release. All parts enclosed.

9 REASONS FOR 9 WORLD LEADERSHIP 9

For homes without electricity the Maytag Gyrafoam is available with Multi-Motor attachment.
"The Famous Maytag Gasoline Motor."

The Gyrafoam Way

You undoubtedly want to know why you should select a Maytag if you do decide to give a machine to your wife for Christmas.

We welcome such a buyer because we know why our machine is the best on the market and we can easily show any buyer in a few minutes.

Here Are Some Of Things That Only A Maytag Can Do

ONLY THE MAYTAG operates on the Gyrafoam Principle. No other washer can match its performance—equal its service—compare with its helpfulness.

ONLY THE MAYTAG washes a tub of clothes in an amazing flash of three to seven minutes.

ONLY THE MAYTAG washes so thoroughly that even such things as collars, cuffs and neckbands need no rubbing.

ONLY THE MAYTAG has a cast-aluminum, self-cleaning tub—unequalled for keeping water hot—a tub which cleans itself in 30 seconds even after washing the grimeiest overalls.

ONLY THE MAYTAG has a low, instant tension-release, metal wringer, that swings into seven positions and adjusts itself automatically for handkerchiefs or blankets.

"A Little Better Than the One You Thought Best"

You can have this wonder washer right in your own home without obligating yourself but very little. The good wife needs this great labor saver and will appreciate it not only on Christmas but every Monday in the year, she will find that the ordinary blue Monday has forever disappeared and is no different than any other day.

With the Maytag you can do away with the wash board entirely. This machine is guaranteed to get all the dirt out of what ever you put in it, in a very short time. If you find after you try a Maytag that that this is not so, return it, no questions will be asked. There were more Maytag machines sold last year than any machine on the market.

INCLEMENT WEATHER • DELAYS RED CROSS ANNUAL ROLL CALL

Red Cross Roll Call this year has suffered many delays on account of inclement weather, according to the Rev. W. H. Tilford, county Red Cross chairman. Workers are out and it is hoped to have a report by Thanksgiving Day, closing day of the Roll Call.

Every township has an organization for enrolling people in the Red Cross. V. L. Faires, is Roll Call chairman for the county.

Following is the statistical report of work accomplished by the local organization last year, which comprises the program along the same lines for the coming year:

In the service department: 992 families assisted by Home Service Secretary and family case worker; 1582 cases for assistance answered at office by secretary; 1410 letters written and received in behalf of Greene County citizens; 875 calls made out of office by secretary 318 ex-service men aided with claims and otherwise; 207 bonus applications made from office; 105 affidavits in pursuit of claims.

Conducted employment agency and nurses' clearing house, secured state aid for a number of physically handicapped civilians, secured increase in pension rate for five Civil and Spanish war veterans, schools over county re-enrolling in Junior Red Cross, life-saving and first aid being taught in county.

In the nursing department, the following work was carried on: 1456 calls made by public health nurse; 240 in bedside care; 692 instructions or demonstrations; 42 cripples; 29 tubercular; 12 pre-natal; 13 maternity and two cancer; 52 crippled children in county brought in to clinics for examination; 8 clinics for crippled children assisting Rotary Club; 18 sets of tonsils removed in one clinic; 29 tubercular cases cared for; 35 first aid cases at County Fair First Aid Station.

Eighteen hundred and seventy-nine school children were inspected of whom 452 were defective, 423 had defective throats, 243 had nasal obstructions, 584 had defective teeth, 81 had enlarged glands, 162 were underweight, eighteen were overweight, and hundreds were helped by 300 follow-up calls in homes.

EXPERT TECHNICAL TESTIMONY HEARD IN BIG DAMAGE CASE

Expert electrical testimony offered by the defense featured the jury trial of the \$22,100 damage suit of The Alpha Seed and Grain Company, against The Dayton Power and Light Company as the trial entered upon its third day in Common Pleas Court Thursday.

Thursday's testimony centered upon a technical discussion by experts retained by the defense as to the origin of a fire which entirely destroyed the Alpha Company plant June 5, 1924.

Because of the lengthy legal discussion, counsel considered it problematical whether the case would be given to the jury before early Friday or late Thursday afternoon. The plaintiff rested its case Wednesday afternoon.

Health Hints
by the
Father of Physical Culture
BERNARD MACFADDEN

Next to "colds" headaches are probably the most frequently recurring malady from which humanity suffers. A headache prevents work, more perhaps than any other minor illness—since it seems to attack the very core and centre of our being. If we have pain anywhere else in the body, we are sometimes able to overcome it by an effort of will, but a headache attacks the very citadel of our life and we seem to have no power to combat it.

Headache is not, in itself, a disease. It is a mere symptom or indication of an underlying cause, which is itself the diseased state that requires cure or removal.

All pain is merely symptomatic—an indication of an abnormal condition. Headache is no exception to this rule. It indicates that certain physical or psychological elements are functioning wrongly. It would be well, perhaps, for us to begin by explaining the significance of pain, and later the meaning of various specific pains in various parts of the head. There are, of course, various kinds of headaches which are dependent upon varying causes, and the treatment for these must differ in each case. What the various causes are, we shall presently explain.

Pain is Nature's warning that something is wrong. Pain is not an enemy. On the contrary, it is our best friend, and as such, should not be subdued, checked, or deadened by drugs and sedatives. Rather the causes of the pain should be sought and removed; when this has been accomplished it will naturally disappear. Pain merely tells us that something is wrong in a certain part of the body, and when we receive this warning we should heed it and strive at once to remove the abnormal conditions which are responsible for the danger signal.

Pain may be caused in a variety of ways, though its precise origin is not always clear. Congestion, inflammation and injury will induce pain. Excessive stimulation will also have this effect. Exercise gives us pleasure, but if too long continued will cause fatigue and ultimately pain.

Thanksgiving

Since 1621, when the Pilgrim Fathers instituted a definite day for the general giving of thanks for the favors of Providence, "Thanksgiving Day" has been an American institution. Starting as a purely religious gesture, today it has developed into a feast day where tables groan and tummy muscles are stretched to the breaking point in an endeavor to do honor to King Turkey and his retinue of "Trimmins!"

We can't step from our backdoor today and sight along a shiny barrel at a flock of wild turkeys like our 1621 forefathers! We can't drape our laden sideboards with the wine of the grape or the Soul of the grains! These things are of the long ago.

But as against these thrills, we are able to gather together with song and quip without the fear of stray arrows tickling our third vest button. Without the memories of rigorous, deadening toil, which make young men old before their time, which made each day merely a dot of time to overcome a new hardship! No, we live pretty easy THESE days.

And for this we should be thankful. For this, we should in the midst of our modern Thanksgiving feast, dedicate a quiet moment of pure thankfulness. For, folks, these are marvelous days of plenty, prosperity and of better understanding.

And the future is smiling as it beckons us on.

Sincerely,
JACK WILLETT.

Hutch Gets Riled!

He ordered and got in 3 carloads of rat traps and he started out selling them at \$1.60 a dozen, which got some folks so excited on account of the low price that they put a rat trap in the window and offered it for \$1.50 a dozen! Another fellow stuck one up at \$1.45 a dozen! Had to be paid however in coinage of 1925 coinage! Hutch gets sore, busts a gallus, cusses in 5 dialects and runs the price down to \$1.40 a dozen ANY OLE MONEY! AND HE (Hutch) ACTUALLY HAS the trap to sell! ONE FORTY A DOZEN!

HEARING ON SIMMS' CLAIM SET FRIDAY

City Manager S. O. Hale has been officially notified that the state department of claims will hold a hearing and make a definite ruling on an application filed two months ago for

an award for Mrs. Elizabeth Simms, this city, widow of Patrolman Simms, who was killed while in the performance of his duty in July.

Detailed memoranda compiled by a field inspector from the state department who recently conducted an investigation into the case, will be placed before the department. "I have no doubt but that Mrs. Simms will be awarded the maxi-

mum compensation of \$6,500," declared Manager Hale.

BULBS PLANTED IN CITY PARKS HERE

Work was completed Thursday by the Garden Club in planting 1,000

bulbs in various city parks. The spring blooming bulbs, including tulips and daffodils and other flowers were distributed among the Home Avenue Park East and West Main Street boulevards and in the Garden plot on Dayton Avenue.

Members of the club worked Wednesday and Thursday, planting the bulbs.

CITY WILL AWAIT REPORT BEFORE ACTING ON FIRE CODE SUGGESTION

City Manager S. O. Hale declared Wednesday in commenting upon statements made by Assistant State Fire Marshal C. S. McGruder that Xenia is in need of a strict electric wiring code and should revise its present building code to minimize the fire danger, that no action of any kind will be taken by the City Commission until the official report of Tuesday's fire inspection in the city is received.

The report will be submitted to headquarters at Columbus and a copy will be sent the city administration within the next ten days containing a summary of the Xenia condition and any recommendations that are made for further elimination of fire hazards.

Mr. McGruder complimented the general precautions which are taken in the business and residence districts against fire but stressed the need of a better building code.

"Xenia has been fortunate in escaping a disastrous fire in all these years, but the law of averages never fails and your city may be visited by a destructive blaze in the business district some time in the future unless more precautionary measures are taken," he declared.

In commenting on McGruder's suggestion that an electrical wiring code be adopted, City Manager Hale declared that form of code would require employment of an electrical wiring inspector and it is felt the income would not justify it, although Mr. McGruder pointed out a higher inspection rate could be charged.

MANY XENIANS WILL WITNESS OHIO AND "RED" GRANGE CLASH

Many Xenians will be spectators when Ohio State University and the University of Illinois close the 1925 grid season at Columbus Saturday.

They are mainly attracted by the final college appearance of Harold "Red" Grange, phantom ace of the Illinois backfield whose performances have attracted nation-wide attention from the sporting world.

Reported fabulous offers to play professional football, enter the real estate business and go in the movies have served to increase interest in the Wheaton ice man.

While interest in the clash revolved mainly around expected spectacular showing of Grange, Ohio football followers are turning their attention to the Ohio Wesleyan-St. Xavier clash at Cincinnati, on which title to the conference hinges.

Wesleyan is rated the superior team but Xavier has performed so ably and Coach Joe Meyer is conceded so much in strategy that the contest is not expected to be a walk-away for the Bishops. Interest is attracted by the fact that both teams are adept at the forward pass and each has two candidates for all-Ohio mention.

STUDENTS IN CLASS TO STUDY THEY SAY

Cleveland, O., Nov. 19 (U.P.)—Is it possible that some men go to college for some other reason than to spend Dad's money, shock the general public and to have an all-round good time? Do studies and work rank only as necessary but minor topics in the college course?

The majority of students enrolled in engineering colleges are going with the idea of making engineering their life work. This was revealed in a questionnaire submitted to students of Case School of Applied Science, given out by Dr. W. D. Trautman, of the news service.

Only about ten per cent of the students are taking engineering on the advice of parents or teachers. Practically all others entered Case, because of an individual desire to take up engineering.

Mathematics and physics were shown to be the two best liked subjects given in the course at Case.

BRIDGEPORT

Mr. and Mrs. Harvey Kyle will entertain the members of their Club,

the P. L. B., on Friday evening, at a covered dish dinner, at 6:30 o'clock. White Chapel, M. E. Church, Nov. 22—Sunday School at 9:30, J. D. Keiter, Supt. A large representation of the Teen-age Class is desired, so they can organize for business meetings. Prayer meetings, preparatory to the revival meetings, which will start Nov. 29, are being held weekly on Thursday evening, at 7:30 o'clock, at the church.

Mr. and Mrs. Jack Beason and family were the guests of Mr. and Mrs. Roscoe Beason, Sunday.

Mrs. Vernon Sessler had for her guest over the week end, Miss Mary Hurley, of Chestnut Street.

Mr. Vernon Sessler is spending the week in Cleveland on business.

Mr. and Mrs. Fred Turner and sons were the guests of Mrs. Hannah Turner and Mr. and Mrs. Henry Weiss, Monday.

YOUTH KILLED WHEN HIT BY AUTO TRUCK

Woodrow Bauser, 12, son of Mr. and Mrs. Jacob Bauser, Beattytown, was almost instantly killed about 5 o'clock Wednesday night when struck

by a truck in the Yellow Springs Pike near the Fairfield Road. Harold Paden, Innisfallen Avenue, Springfield was the driver of the truck. The accident occurred as the Bauser boy and his three-year-old brother were returning from the elevator with a cart of grain.

The driver of the truck said he was unable to see the boys because he was blinded by the lights of another machine. The boy died before he reached the hospital in Springfield. His father is freight motorman on the Springfield and Xenia traction line.

This One-Profit •• Unit-Built Studebaker

offers you 3 major advantages in Quality, Price and Protected Investment

THE average man on the street today knows that through more efficient manufacture, standardization of parts, etc., all makers offer him more for his money than ever before.

All makers claim greater things for their product — and can prove them. All makers rest their case on more economical manufacturing due to quantity production under modern efficiency methods. All cars are fair value but there is a best value.

Few motor car "manufacturers" have foundries, forges, etc., to make their own engines—yet one-fourth of the cost of an automobile is in the engine. Even fewer build their own bodies—yet one-third of the cost of a car is in the body.

Only two makers have adequate facilities for making all bodies, engines, clutches, gear sets, springs, differentials, steering gears, axles, gray iron castings and drop forgings: Ford in the low-price field and Studebaker in the fine-car field.

One-Profit Value

Because of its unique manufacturing facilities, Studebaker eliminates profits which all other quality car manufacturers must pay to outside parts or body makers. Savings effected in this way run to hundreds of dollars on some models. Thus Studebaker is

able to use finest steels, finest woods, finest engineering and superlative workmanship in its cars; then to add costly extras . . . and still charge no more than competing cars.

Unit-Built Construction

One-Profit facilities result, too, in Unit-Built construction. In cars designed and built as units. The hundreds of parts used in a Studebaker car are Studebaker. They function together as a unit, resulting in longer life, greater riding comfort and higher resale value for you. Scores of thousands of miles of excess transportation thus are built into Studebaker cars. Records of more than one hundred thousand miles are not uncommon.

And "No-Yearly-Models"

As a natural outgrowth of those two factors, a third great advantage to the buyer is attained . . . "No-Yearly-Models." Because all phases of manufacture are directly under Studebaker control, Studebaker cars are constantly kept up-to-date. Improvements are continually made—not saved up for spectacular annual announcements which make cars artificially obsolete. Resale values are thus stabilized. As an example of the value One-Profit manufacture makes possible, see the Studebaker Standard Six Sedan.

Studebaker's Lowest Priced Sedan—but all quality

THE fine Studebaker Standard Six Sedan illustrated below is a real four-door sedan. It is upholstered in genuine wool cloth. Carpets are wool. Windows are real plate glass.

The equipment includes an 8-day clock, gasoline gauge, ash receiver, rear-vision mirror, stop light, dome light, safety lighting control on steering wheel, automatic windshield cleaner, coincidental lock to steering gear and ignition controlled by same key operating door and spare-tire locks, and full-size balloon tires. All instruments are grouped under glass on a silver-faced dial set in a beautiful walnut finished panel.

But the most important superiorities of this Sedan are concealed within the framework of the body and in the chassis.

Body pillars, for instance, are of northern white ash, cross-members of hard maple. We pay a premium for steels of extra toughness.

Run the engine—the most powerful in any car of its size and weight, according to the rating of the N. A. C. C. and the Society of Automotive Engineers. The motor is not built for excessive speed, but rather for smooth, trouble-free service at 5 to 55 miles an hour. It is built for a long, quiet life—not for spectacular stunts.

We will gladly demonstrate this car and finance its purchase on Studebaker's fair and Liberal Budget Payment Plan.

CUBAN STUDENT HAS NARROW ESCAPE

Senor Pedro Gutierrez, of Orfila, Cienfuegos, Cuba, a student at Antioch College, Yellow Springs, returning this week from his cooperative position in the Henry Ford plant in Detroit, Mich., told the story of his narrow escape from death while motoring back to Yellow Springs, Sunday.

Gutierrez told how he passed a number of auto wrecks along the road resulting from the week-end bad weather and slippery roads. As he approached another auto that had skidded and turned over in a ditch, the Cuban's machine likewise slipped and left the pike, rolling over and over, landed in a ditch top side down.

The student crawled out uninjured except for minor bruises, and declared only the strength of the top saved him from being crushed to death. Earlier in the day another auto had left the road at the identical spot, killing its three occupants.

By JAY V. JAY

This doll is by way of making Mitzi famous. Invitations come to Mitzi with P. S.'s about "of course you'll bring your doll along." And now she has been asked to exhibit it at a bazaar. There is always the understanding that Mitzi in very smart tweed coat with "Persian Paws" collar

and cuffs will stand near the booth and furnish information. It should be possible to get a catchy, suitable and thoroughly usable name for this doll—especially since her friends are taking this thing in earnest. When Mitzi calls for help, it comes in crowds, in letters, yes and in names!

What's in a name? Well, there is \$50 tucked somewhere about the name that Mitzi thinks best for her doll. Fifty dollars, that will arrive just about the time Christmas does for the contest closes December first, and the check will be mailed to the winner right away. Get your names in before the first. Having such a very talked

of, nameless doll has kept Mitzi so busy that she has had only time to buy one hat this week. She wears it, it is very tight fitting and velvet tabs hang over one side. Anyway, please help settle this name question. Mail your list of names to Modish Mitzi in care of this newspaper.

SCHNEIDER TRIAL DOWN FOR DECEMBER

Trial of Marshal William A. Schneider, Osborn, on charges of assault and battery and resisting an officer,

brought by Constable Sidney Cornelius of Bath Township, will probably be held before about the middle of December in Probate Court. It is announced by Prosecutor J. Carl Marshall.

Marshal Schneider pleaded not guilty to the charges when arraigned before R. O. Copsey, justice of the peace and was bound over to Probate Court.

Charges against Schneider arose as a result of an alleged quarrel between the constable and marshal on election day, November 3, following the arrest by Cornelius of two men for liquor law violations.

DOG LICENSES TO BE AVAILABLE MONDAY

County Auditor R. O. Wead announces that dog licenses for 1926 will be placed on sale next Monday at the auditor's office in the Court House and owners must obtain the tags before January 20, 1926 under provisions of a new law passed by the last General Assembly.

Formerly the tags could be purchased at any period during the year without penalty. Under the new law owners, failing to procure the tags within the specified time will be assessed an extra \$1 as a penalty.

Licenses for male dogs will cost \$1 and for female dogs \$3. It is announced. After January 20, owners may purchase tags for male dogs for \$2 and for female dogs \$4.

DREAM OF SILVER FOXES DECEIVING

Paris, Nov. 19—Georges Legrand, a shrewd confidence man known to two generations of Paris police, was recently arrested after he had floated his latest scheme to make the public rich, a silver fox farm which was to be run on a perpetual motion plan.

Two silver foxes were to be purchased and when they grew fat were to be stripped of their skins and fed to their progeny. These would eventually suffer the same fate and thus the farm would show nothing but a profit of skins.

But the police stepped in before the two foxes were purchased. The next day Legrand's office was flooded with letters bidding for shares in his company. One day's mail brought in checks for 100,000 francs.

Gained 10 Pounds in 22 Days

That's going some—but skinny men, women and children just can't help putting on good healthy flesh when they take McCoy's Cod Liver Oil Compound Tablets.

As chock full of vitamins as the pasty, fishy-tasting cod liver oil itself, but these sugar-coated, tasteless tablets are as easy to take as candy, and won't upset the stomach.

One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents and money back if not satisfied. Ask Sayre and Hemphill or any druggist for McCoy's Cod Liver Oil Compound Tablets. Directions and formula on each box.

"Get McCoy's, the original and genuine Cod Liver Oil Tablets."—Adv.

In 24 Hours Ends NEURITIS

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to Sayre and Hemphill or some other good druggist and get a bottle of Allenhu Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, those persistent, nerve racking pains that have caused you many sleepless nights. A few more doses and the pains have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing doses of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenhu Special Formula No. 2. Sayre and Hemphill can supply you.—Adv.

FRENCH TOWN'S MAIL COMES VIA NEW YORK

Paris, Nov. 19—The good folk of Eu, a quiet town on the Channel coast of France, have grown into the custom of having their mail delivered to them via New York.

The French equivalent for United States is "Etats Unis," and in addressing their letters, many French people mark the envelope "E. U." Careless mail clerks toss all envelopes so marked into the bags, destined to be carried to New York.

So the Euans have addressed a strong letter of protest to the French Post Office realizing that letters intended for them are but a cockshell in the tide of mail addressed to the United States, but urging that something be done to emphasize the dots and thus distinguish "E. U." from "Eu."

Nerves All Unstrung!

Xenia Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-sick? Do you have a constant backache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Xenia folks recommend Doan's for just such troubles. Mrs. Woodrow C. Warner, 225 E. Third St., Xenia, says: "When I stooped, I got sharp stabs of pain through my back and my back often felt so cramped. I could hardly move at times. Mornings my back and shoulders felt as stiff as a board. I was tired and weak and became dizzy. I also had severe nervous spells. My kidneys acted irregularly also. Doan's Pills relieved the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Warner had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

TEACHING OF CHRIST WAS POSITIVE SAYS SPECIAL MINISTER

Christianity as a positive and helpful religion was discussed by the Rev. Maxwell Long, special preacher during a series of meetings at Christ Episcopal Church, Wednesday evening.

"We sometimes get a wrong idea of Christianity," he said, "and think of it as hedged about with restrictions. On the contrary, Christ's teachings were positive and affirmative. 'Do, do' was his command, instead of 'Thou shalt not.' If we really were imbued with Christianity, we would be freer and happier beings by far."

The Rev. Mr. Long also pointed out how remarkable it is for H. G. Wells, who is not a professing Christian, to rank Jesus as the greatest personality of all time.

"Men of all time," he said, "have found in Christ the way, the truth and the life. The Russian writer, Dostoevsky's characterization of Christ as the highest, finest, most rational, most manly and perfect being, could well become a part of our personal creed. Prayer also is important. We see that our children say bedtime prayers, but how many children have seen their parents pray?"

The closing service of the mission will be held Thursday night, when the Rev. Mr. Long will again speak.

"Bobbed Hair"

A DAZZLING MYSTERY STORY BY TWENTY FAMOUS AUTHORS

SYNOPSIS

Connemara Moore, finding herself on a yacht in Long Island Sound after midnight, threatens to leap into the water to escape the menaces of one Pooch, who has rowed her out to the craft from the shore. Meanwhile, David Lacy, young New Yorker, is rowing in the company of "Doc" and "Society," both strangers to him. Connemara was expected to announce her engagement tonight but, instead, stole out of Aunt Celina's Connecticut home and disappeared. It's a night of adventures.

CHAPTER VIII—Continued

"Different here!" said Mr. Pooch laconically. "And I'll tell the cock-eyed world I ain't gonna take no lessons to-night! Hop down off that rail and we'll talk matters over. I'm gettin' sick of this clownin'! Who in blazes are you, anyways?"

"Will you put me ashore?" parried Connemara, still poised on the rail.

"Oh, be yourself!" grunted Mr. Pooch disgustedly. "Every copper in the wide, wide world is lookin' for us now, and it's a cinch you don't wanna meet no John Laws any more than I do! Who's that cake eater which was with you on the ferry?"

"Who are you?" queried Connemara in turn.

"Me?" grinned Mr. Pooch. "Why, I'm the fifth horseman of the apocalyptic. Never mind who I am! Why don't you get sensible and hand over that fifty thousand bucks and be done with it? You don't look like no Dumb Dora, why act like one? Your boy friend has left you flat on your ear and Swede's gang'll be along any minute, so—"

"And that's that!" remarked McTish lightly, tossing his weapon aside.

A faint hail over the water abruptly cut off Mr. Pooch's summing up. He stepped quickly to the rail beside Connemara, peering eagerly into the gloom with her. The hail was not repeated and, determined to guide any possible assistance to her, Connemara gathered her breath together and released a sudden piercing, "He-e-l-p!"

With a startled oath, Mr. Pooch clamped his hands firmly over her lips and tore her from the rail. Connemara desperately sought to free herself from his nauseating embrace, but this time Pooch held her tightly gripped in the crook of one arm, while his free hand began an exploration of her garments in search of the packet of bank notes. Crimson with rage and embarrassment, Connemara fought wildly, encouraged by a louder repetition of the hail from the surrounding murk. It seemed closer this time, and Connemara, squirming frantically away from Pooch, prayed that it was.

The thatch of red hair surmounted by the white cap of McTish slowly rose over the hatchway. In one hand the little man held an iron bar and he hefted it speculatively as he surveyed the struggling pair, before stepping into the cockpit. His movements were deliberate and unhurried—he might have been completely detached from the picture. Part way over he even stopped to arrange neatly a protruding coil of rope. Mr. Pooch appeared not to see McTish, doubtless believing him safely accounted for by the hatch padlock, for at Connemara's hopefully eager glance at the little Scotchman over Pooch's shoulder, Pooch only laughed aloud, wrenching her wrist cruelly to restrain her struggles. Mr. McTish advanced, still slowly, but strangely sobered, until within a few inches of Pooch's straining back. Then McTish coughed, rather apologetically.

"Eh—that'll be all o' that; stand away from the girl," requested McTish evenly.

"Take the air, you little rat—I'll slap you for a mock orange!" growled Mr. Pooch, too busy with Connemara to look around.

He should have done so! For without another word and as calmly as driving a nail with a hammer, McTish raised his arm and the iron bar clunked on Mr. Pooch's head. Silently that gentleman sank to the deck at Connemara's feet.

"And that's that!" remarked McTish lightly, tossing his weapon aside.

Amazement—and suspicion—momentarily overcame Connemara's gratitude. She stared at McTish almost accusingly. "Then you—you are not intoxicated—you weren't when we came on board?" she murmured. "You were shamming! Why—"

"What—me drunk?" broke in McTish, with a curl of his lip. "I never touch the stuff—eh—that is, I don't drink it!" He touched Mr. Pooch's inert body with a contemptuous toe. "And now, my girl, who's this swab and where's the chief?"

"Chief?" repeated Connemara vaguely. "What chief?"

"Don't stall, my girl; I heard his voice a bit ago, as I was kicking my way out of the after hatch. Where is he?" demanded McTish sternly. Connemara suddenly recalled the familiar voice that had called from the blackness over the rail of the yacht. She began to explain, but at that moment there was a chorus of yells from seemingly underneath the bows, a rending crash and then—silence!

"We've run some damned fool down—look over the side and see what you can see, while I stop the engines!" yelled McTish and dashed away. Feeling certain she was just a figure in somebody's nightmare, Connemara leaned far over the rail, straining her eyes at the sullen black waters. The throbbing of the yacht's engine had ceased, and the boat now rolled aimlessly on the waves as McTish ran past her with a lighted flare in one hand and a life preserver in the other. Determined not to be left alone, Connemara summoned her nerve and cautiously moved forward. She reached the bow just as a drenched and bedraggled figure threw one leg over the yacht's side. At her involuntary exclamation the visitor from the sea halted in the process of boarding the yacht and stared at her, displaying a beautiful set of molars.

"Well, well, well—what a delightful evening!" smilingly greeted Mr. David Lacy, of hither and yon. "Fancy meeting you here!"

A helpless gurgle was the only witty retort Connemara could think of.

Lacy vaulted lightly to the deck, shedding water like a spaniel. "Where's McTish?" he demanded.

Connemara nodded speechlessly to the rail. McTish, fishing diligently with his life preserver, had evidently got a bite and was now hauling in with a will. Drawing near Connemara, Lacy observed her torn garments with a puzzled frown—then his eyes wandered to the prostrate Mr. Pooch, who was beginning to show signs of awakening. Shaking his head quizzically, Lacy knelt down and removed Pooch's coat, and, arising, tendered the garment to Connemara with a bow. Connemara hastily buttoned it around her bared shoulders, while Mr. Lacy began to twist the water out of his own soaked clothing.

"Well, what do you know—eh—Sister?" he inquired, with his winning smile.

"First, get some rope or something and tie that—that beast up!" commanded Connemara, finding her voice at last and gesturing to the recumbent Pooch. "He tried to—Oh, don't stand there looking at me. Tie him up or I'll do it myself!"

Lacy disappeared down a hatchway, returning a moment later with a coil of stout rope. Meanwhile McTish had assisted aboard from the sea a burly gentleman and a lady. The lady collapsed gracefully to the deck and as Connemara ran to her with quick sympathy, the big man turned on the scowling McTish.

"You rich boneys think you own the ocean, don't you?" he bellowed, shaking a huge wet fist under the little Scotchman's placid nose. "I got a good mind to knock you silly, you red-headed boob!"

BELIEVER REDEEMED BY PRECIOUS BLOOD EVANGELIST SAYS

"The believer is not only chosen for the glory of his name but also redeemed by the precious blood of the Son of God and sealed by the Holy Ghost," said the Rev. Joseph Flacks in his Wednesday evening sermon at the First Reformed Church.

Mr. Flacks used many simple illustrations that made the truths he taught so clear and plain that the youngest child could understand the theme of his sermon. He also painted a word picture of what God is doing for the Christian. His subject was "The Believer's Blessedness." Jamestown and Cedarville people

are interested in the Rev. Mr. Flacks' meetings, as a number of persons from those communities have attended the meetings.

He will continue his studies in the Epistles Thursday night bringing out the blessedness of the saints. The public is invited to the meetings.

SHELTER SHED PASSES

Another Greene County landmark has passed on.

Travelers on the Dayton-Xenia Pike will no more be confronted with the "chicken dinner" sign at Kil Kare Park, and the decrepit waiting shed at the park entrance is no more.

The passing of the structure recalls bygone celebrations at the park, which ceased within the past few years. Worn by winds, rain and all rough weather, the shed braved the elements until torn down a few days ago.

"Kellogg's ALL-BRAN is the only thing that relieved me of constipation"

Beware of the dangerous diseases which are constipation's toll.

Constipation is dreaded, not only for its insidious self, but for the serious diseases which may be traced to it. Mr. Palludon tells us the helpful story of his relief:

Doing hard work while constipated brought on piles, from which I suffered for two years. I tried almost every remedy without success. Finally I tried Kellogg's ALL-BRAN and it has made me fit again. It is the only thing that helped me and I want everybody to know about it.

(Signed) JOHN PALLUDON, Clementon, N. Y. You can get sure, prompt, permanent relief from constipation. Simply eat Kellogg's ALL-BRAN.

regularly. Two tablespoonfuls daily, or in chronic cases, with every meal. Doctors recommend ALL-BRAN. It is nature's own way of cleaning the intestine. It is a bulk food which sweeps the system of constipation's poisons and stimulates normal, healthy action.

Kellogg's ALL-BRAN is guaranteed to be permanently effective, if eaten regularly, or your grocer returns the purchase price. Eat it with milk, cream, fruits, or try the recipes printed on the package. Made in Battle Creek, Michigan. Served in leading hotels and restaurants. Your grocer sells it.

Kellogg's ALL-BRAN

Never Gets Old

As young in her looks as the youngest flapper, Fanny Ward, of stage and screen fame, who was adored in the long ago by the granddads of today, was one of the most popular of the theatrical folk at the annual Equity Ball in New York.

GERMANY MOVES TO APPROVE PACT

London, Nov. 19—Germany started today the final steps towards parliamentary approval of the Locarno safety agreements following the British lower house's overwhelming approval of the measures.

The commons' vote of approval was 375 to 13 and it is generally assumed here that while the pacts in Germany will not have much unqualified support they will nevertheless be accorded a sufficient Reichstag vote to ensure German signature on December 1.
